Café Tattoo chair is a charming, minimalist, and youthful chair with clean architectural lines. The chair is the latest addition to the popular family of Tattoo stools and bar stools. Café Tattoo is a lightweight and stackable chair featuring a backrest in 2mm thick natural saddle leather. Each leg joins the seat by fully penetrating it, leaving a charming woodgrain mark on the seat top. The chair is designed for use in public spaces such as restaurants, bars, meeting rooms, but it is equally suitable for residential use. Standard versions of the chair are available in oiled ash and oak with brown leather backrest and a black-stained version with black leather backrest.

Both plain and hand-carved versions of the chair are available, as well as options with upholstered seats in leather. Upholstered seat cushion in leather is optional.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
