HIDE & SEEK Container and Coffee/Side Table

PRODUCT NAME

HIDE & SEEK Container and Coffee/Side Table

DESIGNER

Monica Förster

YEAR OF DESIGN

2019

These extraordinary sculptural and hand-carved round objects, entirely made in solid maple, come in three different shapes and sizes, designed to work as an attractive set of side tables and containers. Below the sculpted container lids lies container space where objects that one needs close to hand but out of site can be stored. A choice of different carving patterns, designed by Monica Förster Design Studio, adds the final unique touch to these elegant, multipurpose objects.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

*** Due to an extraordinarily challenging geometry of this product and its construction entirely from solid wood, a material that naturally expands and contracts with changes in humidity, visible lines may form at the joints of the wooden slabs over time, and the gap between the top and base may shift. This can be minimized by maintaining indoor humidity levels between 40-60%.

**** Please note that colors are only indicative. In particular, color variations are possible in wood that is not stained.
