Igman Chair

PRODUCT NAME

Igman Chair

DESIGNER

Harri Koskinen

YEAR OF DESIGN

2018

Igman dining chair is soft and light-weight chair that combines a solid wood frame and a removable soft seat & backrest upholstered in either vegetable-tanned 2.2mm thick saddle leather or a choice of fabrics. The design seamlessly integrates Bosnian and Finish craftsmanship and wood-working traditions into a modern object with minimalist appearance. The chair comes in a version without armrest and with armrests. The refined hand-carved details on the flat-cut surfaces of the armrests and the back beam add to the chair's character and tactility.

PACKAGING — AIR/OCEAN freight

MDF crate.
W 78 D 71 H 80 cm /
W 30.7" D 28.0" H 31.5"

* Product weights are approximate and vary based on wood species and selected version of Igman Chair. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
** 2D models, 3D models and product images can be found on the product page of ZANAT website.
