YEAR OF DESIGN

2019

Igman Mini Lounge Chair by Harri Koskinen is a final edition to the Igman family of chairs, which includes Igman Lounge Chair and Igman dining chair. Mini Lounge Chair was made to enable comfortable lounge sitting in areas with limited space, such as hotel rooms or residential spaces where a small corner can be turned into a comfortable nook. This lightweight chair combines a solid wood frame and a removable soft seat & backrest upholstered in either vegetable-tanned 2.2mm thick saddle leather or a choice of fabrics. The refined hand-carved details on the flat-cut surfaces of the armrests and the back beam add to the chair's character and tactility.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
