This set of sculptural side tables features a hand-carved base in solid wood and a seamlessly integrated tabletop in mouthblown glass. The hand-carved wooden cap on top can be easily unscrewed which enables the glass to be shipped separately and replaced if needed.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
