## YEAR OF DESIGN

2020

Mati is a dining chair with armrests, made entirely in solid wood with an upholstered seat for added comfort. The design inspiration for Mati is about the pursuit of security. In functioning societies dinners are always about a delicious meal, interesting conversations and about comfort, of course. Comfortable chairs contribute to pleasant atmosphere. Thus, the name Mati (meaning mother in archaic Bosnian, Croatian and Serbian) was chosen to symbolize the chair's motherly seating comfort. Mati features a graciously curved armrest that envelopes around the backrest. Another design feature are the chair's legs, curved on the inside, but cut flat and hand-carved on the outside. The carving pattern was inspired by the microscopic view of the cellular structure of wood, enabling the human eye to admire the material and to appreciate that it comes from a living organism. Mati is simultaneously robust and unexpectedly lightweight. The chair is available in a choice of woods (maple, ash, oak, and walnut) with a natural oil finish or stained in black or wenge with a choice of high-quality black or brown leather for the seat.
