# Nera Stool

## PRODUCT NAME

Nera Stool

## DESIGNER

Monica Förster

## YEAR OF DESIGN

2017

Made entirely in solid wood, Nera stools are characterized by simple and tender sculptural beauty. They come with several different hand-carved patterns which enhance the stool's tactility, and each carving pattern gives a distinct character to the stool. Nera looks like a piece of decorative art, but is highly functional. They are perfect for seating in a lounge setting but can also be used as side tables and can be added as extra seats at a dining table. The stools come in black-stained maple and ash or oil-finished European walnut and have been one of Zanat's most demanded products.

ENVIRONMENT

Indoor. Outdoor is possible if protected from sunlight and precipitation.

\* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
