DESIGNER

Monica Förster

YEAR OF DESIGN

2016

Neron dining table impresses with its strong, but unpretentious character. The light tabletop rests on a robust, but elegant structure. The table looks beautiful and sculptural from any angle, even from underneath. Skillfully executed by Zanat's master craftsmen, carving patterns on the table legs represent the essence of the table's character. It comes in three standard dimensions, five different species of wood in natural wood color or stained. The table can be disassembled and is suitable for both residential and commercial use.

CUSTOMIZATION OPTIONS

Dimensions of this table can be customized. Maximum width is 95 cm, maximum length is 240 cm. Custom finishes may be possible upon request.

ENVIRONMENT

Indoor. Outdoor is possible if protected from sunlight and precipitation.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak’s weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

** 2D models, 3D models and product images can be found on the product page of ZANAT website.
