Piano Folding Table

PRODUCT NAME

Piano Folding Table

DESIGNER

Ludovica + Roberto Palomba

YEAR OF DESIGN

2020

Piano folding tables represent a magnificent combination of lightness and functionality on one hand with refined craftsmanship and quality. These beautiful, easy to fold and stow away tables are a perfect facilitator for special feel-at-home rituals. The folding tables supplement the collection of Piano coffee and side tables, added to Zanat's collection in 2019. A special characteristic of all Piano tables are the elegant cogwheel carving patterns around the table edges. Seen from above, the carving patterns are reminiscent of piano keys and therefore the name Piano. Folding Piano tables feature X-shaped legs made entirely in solid wood. Thanks to ingenuity of Zanat's engineers, Piano folding tables have no visible screws or hardware, and every detail was made to be admired by craftsmanship connoisseurs. The table is made in solid walnut or maple stained in Zanat's recognizable mat black or wenge finish.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak’s weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
** 2D models, 3D models and product images can be found on the product page of ZANAT website.

*** Please note that colors are only indicative. In particular, color variations are possible in wood that is not stained.
