# Piano Table

## PRODUCT NAME

Piano Table

## DESIGNER

Ludovica + Roberto Palomba

## YEAR OF DESIGN

2019

When the first drawings of Piano tables were shown to us, the reaction was a WOW! The tables feature a light and unimposing base made from hand-welded steel rods with a black powder coat finish. What makes Piano tables stand out are the elegant and joyful cogwheel carving patterns around the table edges. Seen from above, the carving patterns are reminiscent of piano keys and therefore the name Piano. Piano tables come in three different heights and sizes and they fit together like gear wheels of a clock both visually, but also in a functional sense, suitable for a variety of residential and public environments. The table tops are made in solid walnut or maple stained in Zanat's recognizable mat black or wenge finish.

\* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

\*\* 2D models, 3D models and product images can be found on the product page of ZANAT website.

WOOD AND FINISHES

Maple, black stain, matte polyurethane lacquer

Walnut, oil

CARVING PATTERN

Maple, black

Maple, black & white

\*\*\* Please note that colors are only indicative. In particular, color variations are possible in wood that is not stained.

\*\*\*\* Piano Table (small) is available with white and black (w/b) or all black carvings.
