Pointe Table

PRODUCT NAME

Pointe Table

DESIGNER

Monica Förster

YEAR OF DESIGN

2022

Pointe table is a design statement of ballet-like elegance expressed in a graceful, multifunctional object made in solid wood. En pointe ballet dancer supports their entire body with tips of their feet creating a vision of balance, precision and beauty. This exquisitely executed round table can be used as a sculptural centerpiece in a hall, small bistro/dining/coffee table, or a side table. The table's base resembles a tree-trunk due to both its shape and the tree bark hand-carved pattern on its surface, which takes us back to product's origin. The neck of the table sits in contrast to the base, with its smooth surface and elegantly curved shape of a trumpet bell.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak’s weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
