Sana Chair

PRODUCT NAME

Sana Chair

DESIGNER

Monica Förster

YEAR OF DESIGN

2018

Sana is a feminine, elegant, and extraordinarily light dining chair made entirely in solid wood. The most special feature of the chair is its sculpted and multidimensionally curved backrest that instills a warm hug effect and provides excellent seating comfort. The outer side of the chair's backrest is entirely handcarved, creating an exquisite texture that emphasizes the rounded backrest giving Sana the character of a modern handcrafted object. Sana is a stackable chair suitable both for residential and commercial use. It comes in different color combinations of the frame, backrest, and seat. For better comfort, an optional magnetically attached cushion in leather can be added.

Sana chair has won the Iconic Award 2019 - Innovative Interior, awarded by the German Design Council.
