Touch Coffee Table

PRODUCT NAME
Touch Coffee Table

DESIGNER
Studioilse

YEAR OF DESIGN
2020

Touch coffee tables are a great example of why Ilse Crawford is called a master of understatement. They are simple and unimposing with ample hand-crafted details to marvel, like the carvings on the tabletop which make it uniquely tactile and the masterfully executed leg joints.

Notably, since the craftsmen carve the pieces at random, without any drawings – each piece is unique as no two carved surfaces will ever look the same.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

** 2D models, 3D models and product images can be found on the product page of ZANAT website.
