Unity side table/stool portrays inseparable links that connect humanity as a whole, a notion made clear to us throughout the Covid-19 pandemic. Unity was designed in the context of Zanat's 2020 Lockdown Dialogues project. The designer and artist, Monica Förster, has masterfully managed to translate her abstract humanistic idea into a functional object of artistic beauty. This object is equally suited for use as a side table and a stool. Assembled from four separately sculpted solid wood segments with elegant hand-carved details, Unity stool/side table is available in Zanat's signature black-stained maple and oiled walnut finishes. The product's timeless elegance and the quality of craftsmanship should guarantee its exceptional longevity and sustainability.

\* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
