YEAR OF DESIGN

2016

Unna console table is an elegant and outstandingly lightweight accent piece that can be used as a decorative object against the wall or even as a room-divider in any public space. Unna console draws its appeal from the combination of a feminine, minimalist form and a tactile hand-carved pattern on top. On black and wenge consoles, the carvings can be stained in the same color or show a contrast between the natural light color of maple and the stain.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
